OPERATING AND FINANCIAL REVIEW

Piedmont Lithium Project

Piedmont holds a 100% interest in the Piedmont Lithium Project (“**Project**”), a pre-production business targeting the manufacturing of 22,700 tonnes per year (“**t/y**”) of battery quality lithium hydroxide in North Carolina, USA to support electric vehicle and battery supply chains in the United States and globally.

Piedmont’s premier south-eastern United States location is advantaged by favorable geology, proven metallurgy and easy access to infrastructure, power, research and development centers for lithium and battery storage, major high-tech population centers and downstream lithium processing facilities.

Piedmont has reported 27.9 million tonnes (“**Mt**”) of Mineral Resources grading at 1.11% Li₂O located within the world-class Carolina Tin-Spodumene Belt (“**TSB**”) and along trend to the Hallman Beam and Kings Mountain mines, which historically provided most of the western world’s lithium between the 1950s and the 1980s. The TSB has been described as one of the largest lithium provinces in the world and is located approximately 25 miles west of Charlotte, North Carolina.

As at December 31, 2020, the Project comprised approximately 2,322 acres of surface property and associated mineral rights in North Carolina, of which approximately 691 acres are owned, approximately 113 acres are subject to long-term lease, approximately 79 acres are subject to lease-to-own agreements, and approximately 1,438 acres are subject to exclusive option agreements. These exclusive option agreements, upon exercise, allow us to purchase or, in some cases, enter into long-term leases for the surface property and associated mineral rights.

Piedmont also owns a 61-acre property in Kings Mountain, North Carolina, which is expected to be the site of Piedmont’s proposed lithium chemical plant. The site is located approximately 20 miles from Piedmont’s proposed mine and concentrator in Gaston County, North Carolina.

OPERATING AND FINANCIAL REVIEW (Continued)

Highlights (Continued)

Spodumene concentrate operations (Continued)

- (c) Resumed drilling at Piedmont's properties located within the world-class Carolina TSB in North Carolina. The drill program will consist of approximately 31,000 meters with the intention of updating the Company's Mineral Resource estimates on the Central and Core properties in the first half of 2021 in advance of completing the DFS for its planned spodumene concentrate operations;

Notes:

- ⁽¹⁾ At December 31, 2020, the Piedmont Lithium Project comprised approximately 2,322 acres (June 30, 2020: approximately 2,126 acres) of surface property and associated mineral rights in North Carolina, United States, of which approximately 691 acres are owned, approximately 113 acres are subject to long-term lease, approximately 79 acres are subject to lease-to-own agreements, and approximately 1,438 acres are subject to exclusive option agreements, which upon exercise, allows the Group to purchase or, in some cases long-term lease, the surface property and associated mineral rights. For those properties under option, no liability has been recorded for the consideration payable to landowners if the Group chooses to exercise its option (refer to Note 10 for further details of contingent liabilities).
- ⁽²⁾ During the six months ended December 31, 2020, the Group made land acquisition payments and land option payments totalling US\$5,746,318 to landowners which have been treated as acquisition costs and capitalised as 'exploration and evaluation assets'. These acquisitions were settled through a combination of cash payments of US\$5,056,818 and vendor financed loans and borrowings of US\$689,500. Refer to Note 6 for further information on loans and borrowings.
- ⁽³⁾ The ultimate recoupment of costs carried forward for exploration and evaluation is dependent on the successful development and commercial exploitation or sale of the respective areas of interest.

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Piedmont Lithium Limited.

As lead audit partner for the review of the financial statements of Piedmont Lithium Limited for the half year ended December 31, 2020, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and

Independent Auditor's Review Report to the members of Piedmont Lithium Limited

Conclusion

We have reviewed the half-year financial report of Piedmont Lithium Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at December 31, 2020, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 6 to 16.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at December 31, 2020 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at December 31, 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
